In unison with Buddha

Earnestly and steadily cultivate, hatred shall not arise  
With thorough reflection, the door to sin shall not open  
Stoop not for fame and fortune, no confusion of the lucid mind  
Strive not for supremacy and might, sway not by the winds  
Wisdom and purity of expression, a quiet and tranquil conduct  
Seated on the lotus pedestal, one shall bear good fruits  
On the golden throne, the flower of compassion shall blossom  
No constraints within the five directions of universe  
Surpassing the ten directions of dharma boundaries
