

愛燈長明

天上富濁的浮云 氣燥不定

地上苦厄的泥濘 混淆不清

大宇中的虛妄煙花

水中流轉的浮萍

旭日常在精神上提昇

月光在心靈上指引

心源中的愛燈長明

照亮有限的生命

願有情人靈 棄暗投明

願世界大同 天下太平

The Light Of Love Lives Forever

(Like) diaphanous clouds afloat, rich, decadent, arrogant and temperamental

(Like) the muddy earth, bitterly poor, confused and misguided

(Like) a brilliant flash of fireworks in the great universe

(Like) leaves without roots adrift in the streaming waters

The spirit is drawn to the warm rising sun

The mind is tugged by the moonbeam

In the depths of the heart, the light of love lives on eternally

Illuminating on a finite lifespan

Hopefully those with love will abandon darkness and embrace brightness

Wish for great togetherness and peace unto the world
