

生命的航向

走在時代的前端

面對末法的挑戰

不在瑣事上盤算

不在生命上輪轉

同甘苦,共患難,手攜手,心連心

一分熱,一分暖,一分光

應把眼光放大,在宗教信仰上

應把心胸擴展,在道德教育上

放眼看,向前望, 生命的航向

放眼看大我的理想。

The Passage of Life

At the cutting edge of the modern era, facing Kaliyuga challenges

Mind not trivial and petty matters

Repeat not the cycle of life and death

Suffer together in hardship, sorrow and happiness

Hand in hand, heart to heart, some effort and warmth brings a reward of brightness

We must widen our views of religious beliefs

We should broaden our opinions of moral and ethical education

Set our sight on the future course of life

Expand our vision on the ideals of the collective (big self)
