

天之理

道德不虧,天之理

暗室不欺,天之心

天之理呀知行仁

天之心呀修善真

減去一份人之欲

得來一份天之理

修福慧,一點不執著

安天命,一點不含糊

天之理呀天之心

無須佛仙來執行

The divine principle

No moral fault or guilty conscience, the divine principle

Within closed doors one does not deceive, the divine heart

The divine principle abide by human kindness and compassion

The divine heart cultivates true goodness

Less material greed, gain a measure of the divine principle

Nurture intelligence and wealth without hesitation

Observe the divine principle without ambiguity

Then the divine principle and heart shall not need the enforcement of deities
