Genuine aspiration

Religious belief needs genuine aspiration
Firmly with each footstep initiate it to society
Work as one, proffer loving care
Be conscious of happiness, do charity, be a radiant being
Let go of the past, treasure the future
Continually improve the essence of life
Humbly receive teachings, achieve the great (collective) self
A luminous lifetime, full of jubilation
True compassionate teachings, left among humanity
A re-genesis of the world, flourishing with brilliance
