

護持倫理道德心

處世的道義，跨越人性

道德的價值，逐漸衰毀

宗教的感化，擇善而從之

喚醒社會公義的心

道德的教育，不善則改之

護持倫理道德之心

現實生活的點滴中

沒有私我的痕跡

宗教信仰的體現中

散發博愛的氣息。

Safeguard the spirit of moral principle

The conduct of man in society has leapt over human nature

The value of moral integrity has diminished

With religious teachings as guide, choose only the good to abide by

Awaken the societal spirit of righteousness and fairness

Teachings of morality if uncompassionate should be changed

Protect the spirit of ethic and moral principle

Practice a little by little in daily living

There should be no trace of selfishness

The embodiment of religious faith

Is to emit the fragrance of true love
