

人性的光明 (廣東)

人性本質,總有一些缺點  
本著良知,人性可以改善  
激勵自己,不斷的向前  
以愛的行動,表明心聲  
堅守道德,清淨的修為  
不會失去,人性的光輝  
心中還有,一點光明  
不怕燃燒,自己的生命  
把握人生,做好本份  
人性光明中,充滿感恩.

The radiance of humanity

The primary qualities of humanity, has many tiny flaws  
On the basis of conscience, transform men's nature to good  
Encourage one self, continually look forward  
Through actions of love, let known the voice of the heart  
Uphold morality and be pure in conduct  
The radiance of humanity is not lost  
(If) the heart still holds a spark of light  
(If) one is not afraid of self sacrifice  
Hold onto one's existence and carry out one's duty  
Be thankful for the radiance of humanity
